# Coretouch

CorePad

A whiteboard that captures your imagination

Just plug in and start writing with a dry-erase marker. Everyone you share, sees whatever you write, erase, sketch or scribble on your CorePad in real time. Save notes on your phone and tablet with a tap, erase and repeat. It's a whiteboard which makes life simple.

Coretouch

Corepad simplifies life for participants

You would never believe what your Corepad whiteboard can do to your meetings.

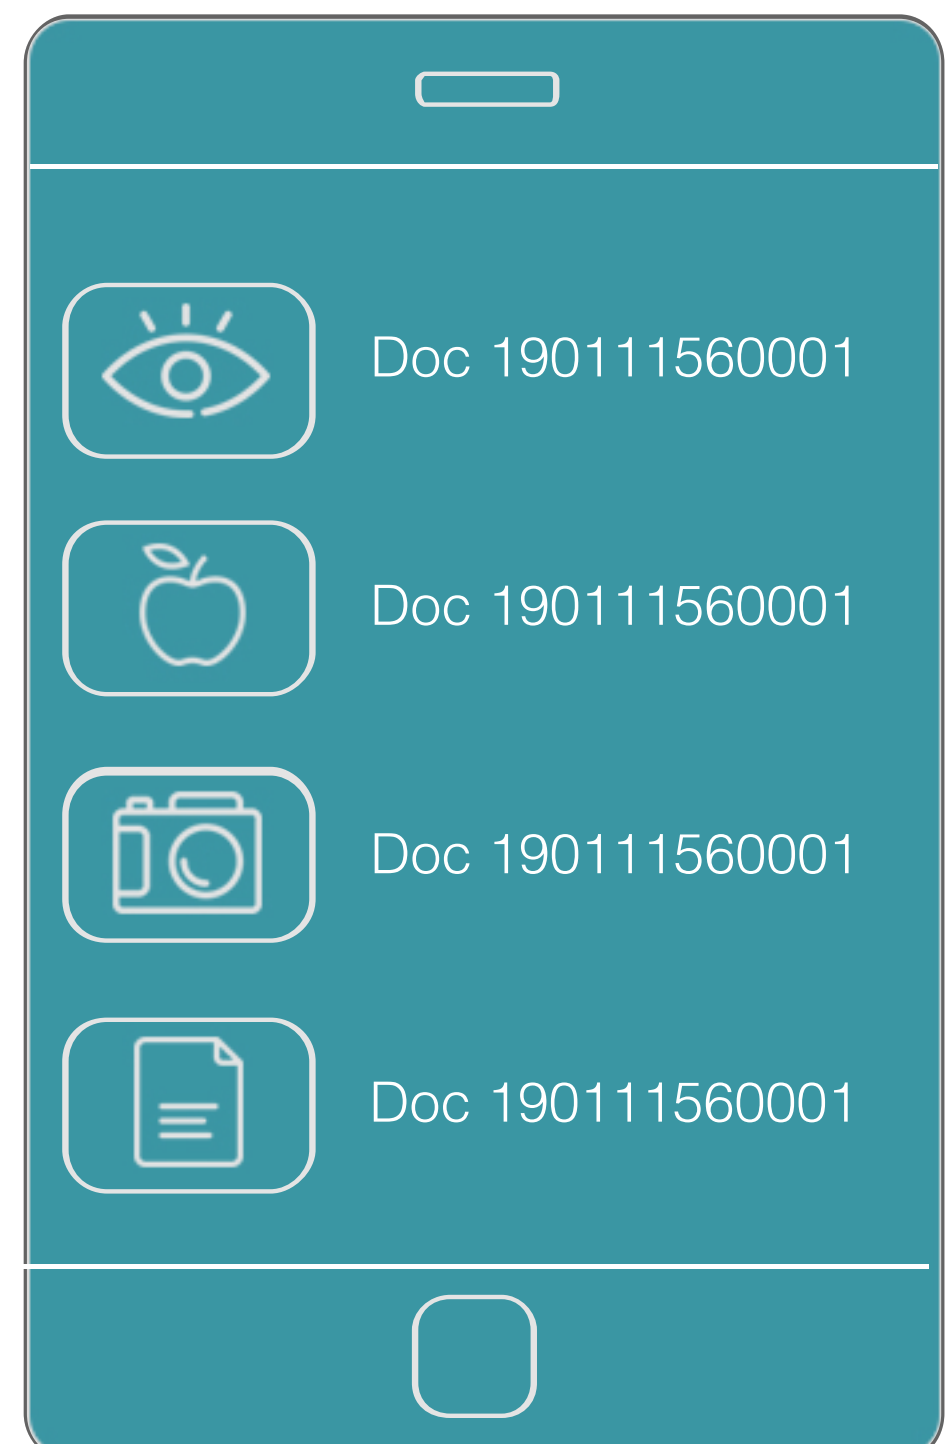

No more notes taking in meetings

Pick up the marker and start writing.
Your participants need not copy the notes. You have their complete share of attention.

Your notes and your content

Tap the camera icon on the board and all your notes get saved page by page as PDF or JPG documents. You can mail them or share them through whataspp
